

FIRST ANNOUNCEMENT
6th INTERNATIONAL SYMPOSIUM ON OZONE APPLICATIONS AND
V INTERNATIONAL SYMPOSIUM ON ENVIRONMENT

Dear colleagues:

The **Ozone Research Center** of Cuba is pleased to invite you to take part in the **6th International Symposium on Ozone Applications and V International Symposium on Environment**. The symposium will be held in the "**International Convention Center**" at Havana City from **June 28th through July 1st, 2010**, within the framework of the **15th International Scientific Congress CNIC 2010**.

The aim of this Symposium is to offer an appropriate and fruitful framework for sharing experiences, scientific ideas and addressing current advances in the use of ozone and the environmental subjects. All this will contribute to strengthen even more our ties of friendship and cooperation. For this reason, we invite all specialists, from all over the world, to present their papers in this congress or to participate only as delegates.

A broad scientific program has been organized with the topics tackled at present by our Center as well as those developed in collaboration with other Cuban institutions during these 30 years of scientific work.

The main subjects in the Symposium will be: **Ozone Experimental Medicine and Medical Treatments; Ozone Chemistry; Ozonized Vegetable Oils; Ozone in Food Industry; Treatment of Water, Waste Water and Solid Wastes; Environmental Management; Renewable Energy and Ozone Generation System Design**.

All work sessions will comprise lectures, oral presentations and posters (75 x 120 cm).

With the aim to achieve a broad promotion of the papers, persons that are interested to participate must submit abstracts (with no more than 250 words) in **English language**, which includes the title of the paper, author's name(s), institution, city and country where the work was carried out. The author who presents the work should be marked with an asterisk (*). The deadline for the presentation of the abstracts will be March 31ST, 2010.

Participants will pay a registration fee of **350.00 CUC** (it includes a CD-ROM with the Symposium Proceedings, participation in all scientific sessions and farewell cocktail) and accompanied persons **100.00 CUC** (it includes participation in the farewell cocktail).

The official languages will be Spanish and English.

We hope the Caribbean warmth, which characterizes our country, welcomes you in a nice, relaxing and beautiful environment like the one offered by the "**International Convention Center**", located on the west of Havana, just a few minutes from the center of the city. The climate of our country, the security that it offers and the traditional hospitality of the Cuban people contribute to convert the International Convention Center of Havana in a suitable place for the celebration of our event.

Please in order to obtain more details about the event contact to:

Dr. Lidia Asela Fernández
President

Dr. Silvia Menéndez Cepero
Organizing Secretary
