LISTEN. Pay careful attention to each client's unique concerns- technical, financial, regulatory, community, and operational issues- every step of the way.
THINK. Understand and balance technical and business needs, environmental and public health protection, and fiscal reality, and put the best minds to work to create the right total solutions.
DELIVER. Offer flexible project delivery options and start-to-finish services-plan, design, build, and operate.

Ozonia North America

www.ozonia.com

Ozonia, a division of Degremont Technologies, is one of the world's largest manufacturers of ozone and UV systems used for non-chemical disinfection and treatment of water and wastewater.
